At Wise, We Provide Innovative Management Consulting Services

Clients trust us to enhance their overall business performance - we achieve this by taking our clients on a transformative journey that leads them to flourishing and innovative solutions upheld by our most advanced standards.

Think Wise .. Act Wiser

1. STRATEGY CONSULTING

We will advise to uncover a business strategy based on market dynamics, your business potentials and stakeholder expectations. This is why Wise focuses on supporting you to attain your strategic initiatives. Our team has broad experience in furnishing strategic advisory services in different industries.

The Range Of Our Strategy Consulting Services Covers The Following Areas:

Strategy Development

Our team of consultants meticulously develop strategies set in the heart of dynamism and adaptability to shifting markets; an interchangeable plan recognized to empower organizations by supporting them to attain their vision and run seamlessly.

Strategic Management Office

Our team of consultants manage a compelling strategy by involving an organized architectural framework built upon accommodating, handling and cultivating a strategy throughout the entire implementation process.

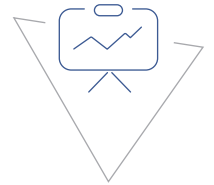

Strategy Deployment and Execution

A great strategy may put you on the competitive map, but only great execution can keep you there.

Our consultants formulate executions resiliently that respond powerfully to operational changes and map the developed strategy along effective executions; executions that will target resource allocations, goal achievements, and changes in the market.

1. STRATEGY CONSULTING

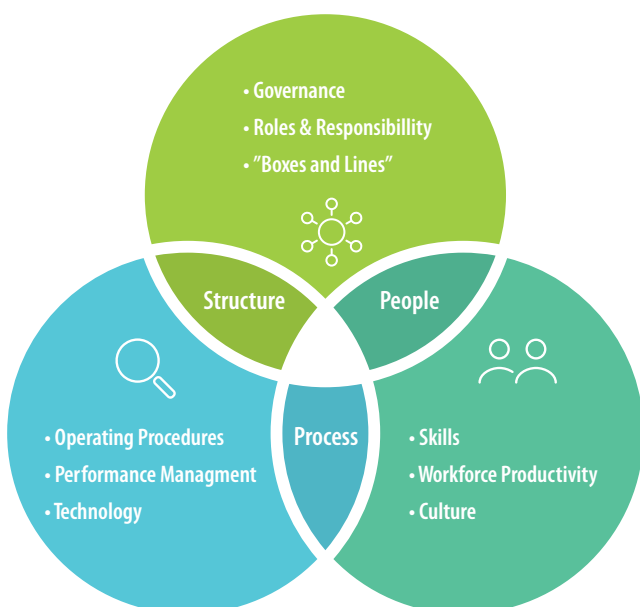

Business Model Innovation

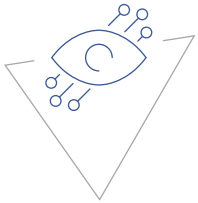

Business models are constantly envisioned by our consultants to account for elevations in technology and innovation in order to successfully bring and adopt concepts into life.

Targeted Operating Model

At Wise, we consider a target operating model as a blueprint of every firm's business vision that aligns its operating capacities and strategic objectives and provides an overview of the core business capabilities, internal factors, external drivers, strategic & operational controls, organizational & functional structures, technology, and information resources of that company.

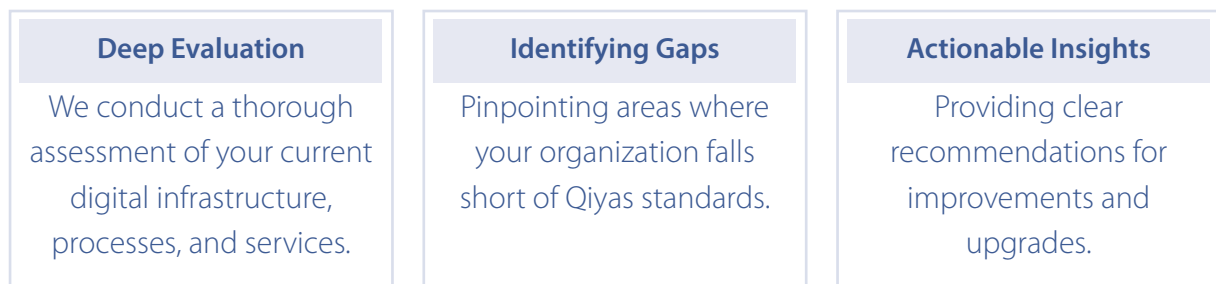

2. DIGITAL TRANSFORMATION

At Wise, we help organizations navigate the ever-changing digital landscape. Our team of experts is dedicated to helping you meet and exceed Qiyas' standards, enabling your organization to thrive in the digital age.

Our tailored services for digital success include:

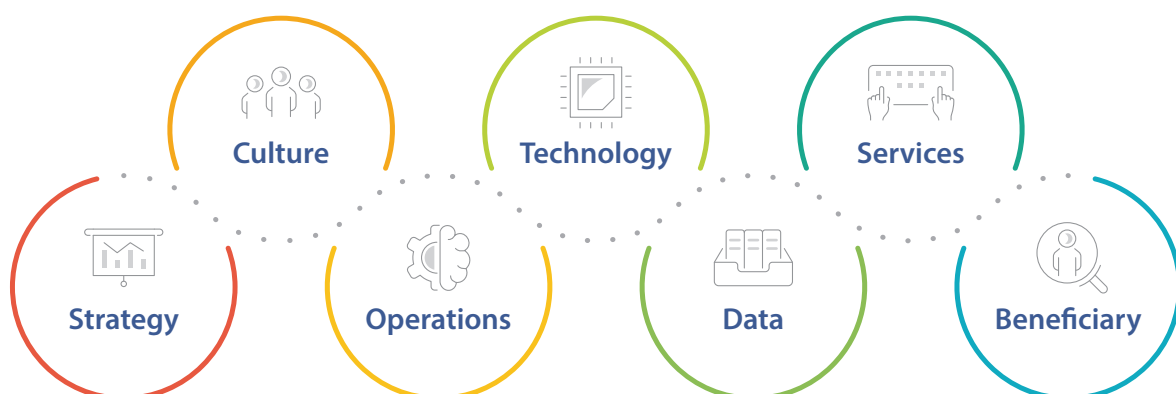

Gap Analysis and Digital Health Check

Our Gap Analysis and Digital Health Check service provides a comprehensive evaluation of your current digital infrastructure and processes, pinpointing where your organization falls short of the Qiyas standards. We offer actionable insights and clear recommendations for necessary improvements and upgrades.

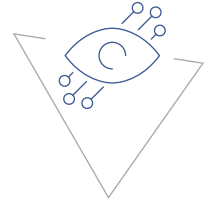

Strategic Digital Roadmap

In our Strategic Digital Roadmap service, we develop a custom strategy that outlines the steps your organization needs to take to achieve its digital transformation goals. This includes setting realistic timelines and key milestones to track progress, with a special focus on aligning with Qiyas requirements, ensuring a seamless path to compliance and digital excellence.

2. DIGITAL TRANSFORMATION

Standards Compliance and Implementation

Our Standards Compliance and Implementation service provides expert guidance on understanding and meeting the Qiyas standards. We develop practical implementation plans and offer continuous support to ensure your organization not only achieves but sustains compliance with these critical standards.

Data Management

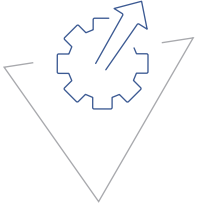

Our Data Management service is designed to create effective strategies for data collection, management, and utilization. We implement analytics tools to derive valuable insights from your data and establish systems to track and measure digital transformation progress using data-driven metrics.

Change Management and Employee Training

Our Change Management and Employee Training service prepares your organization for digital change through tailored strategies. We design and deliver training programs to upskill your workforce in new digital tools and processes, providing the necessary tools and techniques to sustain these changes long-term.

Each of these services is carefully designed to guide your organization through every aspect of the digital transformation process, ensuring compliance with Qiyas and Data Management requirements to position your organization as a leader in digital innovation within the public sector.

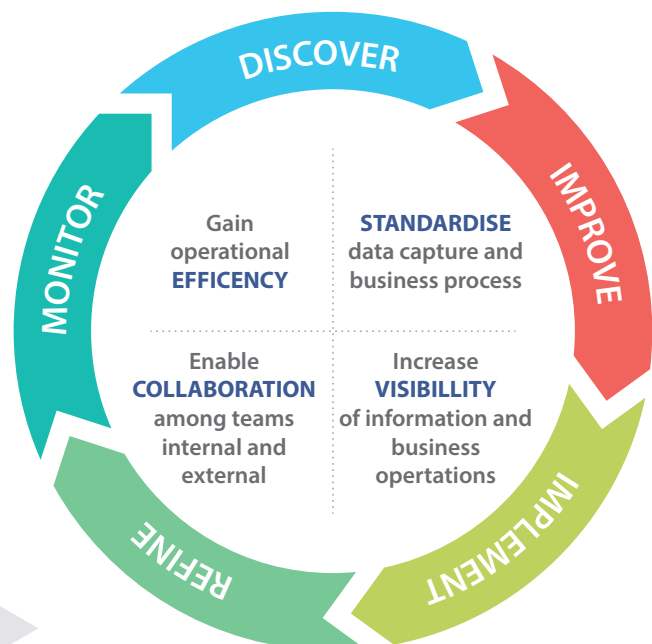

3. OPERATIONAL EXCELLENCE CONSULTING

Our Operations Excellence Consulting Services Are Built On Delivering World Class Models In Business Process Management And Operational Effectiveness. Models That Drive Your Business Operations To Be Linked To Your Strategic Objectives. Our Operational Excellence Services Turn Into Enhanced Production Elasticity, Promote Customer Intimacy, And Cost Optimization.

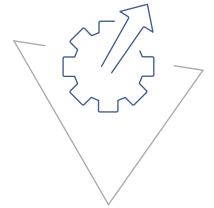

Operational Excellence Services Include:

Business policies & process improvements

Wise applies various approaches to discover, model, analyze, improve, and manage businesses to achieve operational efficiencies. We believe that Business Process Management is not a one-time task but rather an ongoing activity that involves persistent process reengineering. The main goal we try to achieve while using Business Process Management is to continually strive to optimize and create a more efficient organization capable of delivering its services most dependably.

3. OPERATIONAL EXCELLENCE CONSULTING

Setting up & Implementing a Project Management Office:

Defining and maintaining the standards of project management for clients is sophisticatedly carried out by implementing a PMO through our instinctive consultants.

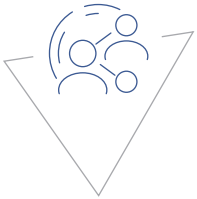

Cost Reduction Assessment

Utilizing contemporary procedures, our consultants strive to perform sophisticated assessments that streamline the cost by eliminating waste and duplication, implementing best practices, and introducing technology where it is effective.

Enterprise Resilience Assessment

Our consultants assess organizations for risks by predicting risks at early stages, adapting to risks, and recovering from them at a rapid rate.

4. ORGANIZATIONAL DESIGN & HUMAN CAPITAL CONSULTING

At Wise we provide organizational design and human capital services linked to achieve organization's strategy while considering business processes, people, and culture.

Our broad set of services are classified into the following areas:

Organizational Design and development

By providing the expertise we help clients to engineer a vehicle that attains organizational goals, promotes growth, minimizes costs, and boosts mutually shortterm performance and long-term organizational health.

Shared Services Consulting

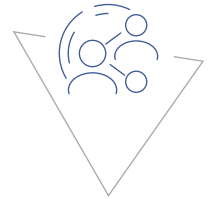

Share smarter, grow faster - That's what our consultants stand behind when envisioning innovative models for resource sharing within our client's organizations.

People Strategy

Businesses achieve their growth targets through people. Wise helps businesses to utilize their most important assets to deliver on their objectives and ensure they thrive.

4. ORGANIZATIONAL DESIGN & HUMAN CAPITAL CONSULTING

Employee Evaluation

Keeping the right people in the right places is vital to the delivery of the value which organizations strive to create for all stakeholders.

At Wise ,we provide the best Evaluation Platform that thoroughly assesses knowledge, skills, abilities, competencies and much more to optimize person-career match at all levels.

Change Management & Communication

Successful change management requires effective communication.

In fact, successful organizational change cannot happen without the ight communication. Wise helps organization in getting their employees involved in change, enabling them feel empowered to commit and engage in the desired change.

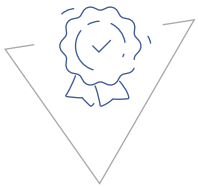

Talent Management

A well-crafted Talent Management Strategy enables you to deploy A-Players against business goals at a better rate than your competition. Wise helps you to create an effective talent management strategy through Creative Workshops, Concise Career Path Plans, Succession Planning and Leadership Development Programs.

Compensation & Rewards

Compensation and Rewards are a lay out of an organization's point of view on how they will determine pay and benefits for employees. At Wise we align all of your compensation resources to your business goals, helping you decide where you want to compete, how competitive you need to be and what you choose to reward.

5. UNIQUE SERVICES

At Wise Our Services Go Beyond The Typical; We Offer Unique Services Tailored To Fit A Breadth Of Organizational Needs.

IPO readiness assessment

Our consultants take our clients on an IPO journey designed to guide businesses innovatively through a shift from private to public companies while meeting CMA requirements and promoting attractive investor environments.

Business excellence advisory

No matter what industry, structure, or stage of growth, our consultants accomplish taking our client's to pristine business excellence by gauging the maturity of client's businesses and depicting the roadmap for attaining the excellence.

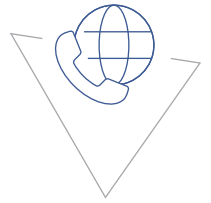

Corporate Governance

Wise's team also offers its clients help on organizing their system of Governance so that all stakeholders can be satisfied, allowing the company to function smoothly.
